

1. Website Name?, Spotify
2. Is it responsive?, yes
3. **What changes on Mobile?**
 - The layout becomes smaller to fit the mobile screen.
 - The navigation is simplified.
 - Fewer playlists and albums are shown in each row.
 - Buttons are larger and easier to tap.
4. **What changes on Desktop?**
 - The layout is wider and shows more content.
 - More playlists and albums appear in each row.
 - The navigation bar is fully displayed.
 - Images and banners are larger and easier to view.
5. I like Spotify's clean and modern design. The dark theme is attractive and easy on the eyes. The website is well-organized, making it easy to find music, playlists, and podcasts. It also provides a smooth experience on both desktop and mobile devices.
